

Jean Monnet Module EU-GLOBACT

Transnational Crime and EU Law:
towards **Global Action** against **Cross-border**
Threats to common security, rule of law,
and human rights

Keynote Speakers

GIOVANNI DE FEO is **Associate Professor of Sanitary Environmental Engineering**, he teaches Industrial Ecology at the Master Degree Courses in Chemical Engineering and Management Engineering of the Department of Industrial Engineering of the University of Salerno. He is **qualified as a First-Tier Professor** in Sanitary and Environmental Engineering. He is a **member of the Academic Board of the Research Doctorate** in Innovative Engineering Technologies for Industrial Sustainability-IETIS at the University of Salerno. He has carried out teaching activities for the courses of Pollution Phenomena and Environmental Quality Control, Environmental Management Systems, Environmental Assessment Procedures, Environmental Impact Assessment, Environmental Impact

Elements, Wastewater Treatment Plants, Disposal and Treatment of Solid Waste, Impact of Civil Engineering Works, Remediation of Contaminated Sites, Management of Public Services, Environmental Health Engineering, Impact of Health Engineering Works and Legal Disciplines of Technical-Engineering Activities. He has been supervisor, co-supervisor and tutor in more than 400 degree theses. Since June 2017, **he has been in charge of the “Waste” thematic table of the Working Group for “University Sustainability”** of the University of Salerno. Since November 2017, he has represented the University of Salerno in the "Resources and Waste" WG of the RUS-Network of Universities for Sustainable Development and from November 2021 also in the “Climate Change” WG. He carries out his research activity at DIIN mainly on Life Cycle Assessment and waste management. He is **Editor of the magazine “Water, Science and Technology: Water Supply”**. He is a member of the Editorial Board of the journals Sustainability, Recycling, Standards, Ingegneria dell’Ambiente, Ingenio, etc. He is a referee for about forty international journals. He is the **author and co-author of about 200 technical-scientific publications and monographs**. He is the creator and promoter of the Greenopoli environmental education project (www.greenopoli.it) which since December 2014 has involved around 350 schools and about seventy thousand students in Italy and abroad. In 2017 he was awarded at the Caselle Film Festival. In 2018 **he received the Vesuvio Verde, Silver Amphitheatre, Prata International Award, Environmentalist Award of the Year - Luisa Minazzi awards**. In May 2018
